

INDICATIONS: For use as a mild laxative. Softens and lubricates stools to help relieve simple constipation.

CAUTION: Not recommended for frequent or extended use. Continuous or too frequent use may interfere with absorption of fat-soluble vitamins and other nutrients.

Use great care to avoid getting into the respiratory tract (wind-pipe and lungs). Accidental introduction into the respiratory tract can result in serious complications, including foreign body pneumonia.

If constipation is not relieved after one or two doses, consult veterinarian.
